## Ocean Animal PowerPoint

- Choose two facts from each section of your report that you would like to include in your presentation.
- Type the name of your animal and your first name on the first slide.
- Type your facts on the correct slides.
  - Make sure to use capitals and periods!
- Decide which pictures of your animal you would like to include on your slides.
  - Insert those into your PowerPoint.
  - Make your credits slide by copying the picture links.
- Draw a picture of your animal.
  - Get help from the teacher to take a picture of your drawing and put it in your folder on the server.
  - Insert the picture into your PowerPoint.
- Write 3 questions and answers for your quiz. Use the back of this page to write them down.
  - You should have 3 answers for each question. Only one answer should be the correct one.
  - Ask the teacher to check your questions and answers.
- Type in all questions.
  - Check to make sure your questions have ? at the end.
- Make all your answers into buttons so that they link to the "Try Again" or the "You Are Right" slide. (Insert> Hyperlink>Place in this document>Select appropriate slide)
- Make a Last Slide Viewed button on the "Try Again" and "You are Right" slides. (Slide show>Action Button>Select Return button>Click once on slide to add button>If the window that pops up says "link to previous slide", click Okay)
- Make 1 slide transition for all your slides. (Slide show>Slide Transition> Click Medium under Speed>Click on the transition you would like>Click Apply to All Slides)
- Practice reading and clicking through your slideshow so you will be ready to present.
  - Practice at least 3 times.
- Share your slideshow with a friend.
- Great work! 😊

**Write down the questions and answers for your quiz.**

**Question #1:**

---

---

---

**Answers:**

**A.**  

---

**B.**  

---

**C.**  

---

**Question #2:**

---

---

---

**Answers:**

**A.**  

---

**B.**  

---

**C.**  

---

**Question #3:**

---

---

---

**Answers:**

**A.**  

---

**B.**  

---

**C.**
